#### Girl Scouts!

On February 20, Look for **GEMS**,

Girls Enjoying Math & Science.

It's an event for girls hosted by

girls just for you!

**Register on-line!**  
**[www.hmns.org](http://www.hmns.org)**  
Under the *Education* menu, click on *Scouts*.

### Notes to Know:

All Boy Scouts must go to the Merit Badge On-Line Workshop of the class before registering. Go to the Boy Scout section of the Scouting Programs page on the web site.

Many classes have prerequisites, outside requirements or meet at locations other than the museum. The on-line workshop will help you fulfill any outside requirements.

Webelos, Cubs, and Brownies classes fulfill all requirements in the class.

There is no charge for parents or leaders. Classes must be paid in advance and we regret that no refunds can be given. If you have any questions, please email us at [scouts@hmns.org](mailto:scouts@hmns.org).

### More for Scouts at the George Observatory

Girl Scouts can earn badges during an overnight! There are lots of other fun things to do at the George Observatory in Brazos Bend State Park. Your Pack or Troop can go to outer space in a Challenger Mission or join a Star Party to view through the large telescope on a Saturday night. For information, go to [www.hmns.org](http://www.hmns.org) and look for *George Observatory* under *See and Do*, or call 281-242-3055.
