

# SENSORY FRIENDLY LATE NIGHT REGISTRATION

In an effort to accommodate as many schedules as possible, we're offering our first Sensory Friendly Late Night in January 2019. This after-hours program will feature interactive activity stations, live insects, modified Burke Baker Planetarium shows, and access to select permanent, sensory-neutral exhibit halls. This will give families and those with sensory sensitivity disorders yet another opportunity to visit their Museum with some of the same modifications in place as our Sensory Friendly Events and Sensory Friendly Days. If you have any questions, please contact [accessprogramming@hmns.org](mailto:accessprogramming@hmns.org).

## WHAT IS THE PRICE PER PARTICIPANT?
