**Get an after hours glimpse of the Houston Museum of Natural Science without packing your pillow!**

## Who can participate in a Late Night?

Late Nights at HMNS are for children ages 6-12 and their adult chaperones. Chaperones must be at least 21 years old. We also ask that groups have a ratio of at least 1 chaperone for every 10 children with a minimum of 2 adults for any sized group.

Late Nights are not offered for adult groups.

## When are Late Nights available?

Late Nights are available Monday-Saturday evenings and last 3 hours. Dates are subject to museum availability and typically book 6 months in advance.

## What do Late Nights include?

A Late Night at HMNS includes:

- Dinner
- A scavenger hunt in one of the exhibition halls
- Hands-on activities with museum educators
- Show in the Burke Baker Planetarium

## What is the cost of a Late Night?

Late Nights Monday-Friday are \$900 for Members and \$1,100 for Non-Members.

Late Nights on Saturdays are \$1,200 for Members and \$1,400 for Non-members.

All of these prices include up to 30 participants. You can upgrade your Late Night to include one of our outreach programs for only \$275. Upgrade options are listed to the right and dependent on presenter availability.

### Late Night Upgrade
