Want to spend the night before our annual GEMS Event? Join us for a Girl Scout Overnight (February 11-12) - it includes a museum-wide scavenger hunt & a showing in our Burke Baker Planetarium. Email overnight@hmns.org to be added to our notification list.
Based on our in-person classes and adapted to a virtual format, virtual classes will provide hands-on educational engagement that will cover most, if not all, of the requirements for each badge or adventure we offer.

An HMNS Educator will be on a virtual call with the class to interact with scouts, lead them in activities and answer questions. Classes will be 4 hours for all merit badges.

Workbooks and Zoom information will be sent to participants at least 48 hours prior to the start date for each scouts class booked.
